

To: St. Joe's Ann Arbor and Livingston Medical Staff
From: Sharon O'Leary, MD, Chief Quality Officer & Meghan Glabach
Subject: Prioritization of COVID-19 Testing
Date: July 10, 2020

With rising demands for COVID-19 testing and limited capability to meet the demands, we are asking for your help. We need to prioritize testing of symptomatic individuals and high-risk exposures only at this time as we are combating what appears to be a surge of COVID throughout the state of Michigan. We are asking that you be judicious in your ordering patterns, and ensure patients do not incur added costs due to tests not covered by insurance.

Please see below for details as it pertains to testing criteria and locations:

a. Symptomatic:

- i. All symptomatic patients will be screened for symptoms and offered testing.
- ii. No order required.

b. High risk exposures that are asymptomatic:

- i. Healthcare workers or critical infrastructure worker with known exposure (<6 feet apart for more than 15min without a mask or with a cloth mask only).
- ii. Patients who have been contacted by the local health department that they have had an exposure and need to be tested.
- iii. Order is required for testing, and if additional patient medical concern warrants testing please indicate on order.

c. Locations:

- i. St. Joe's Ann Arbor: North Entrance, open daily 8a-4p
- ii. St. Joe's Livingston: just past the west entrance, open daily 8a-12p
- iii. IHA FURI Sites: by appointment only, IHAcare.com
 1. IHA Urgent Care at EMU
 2. IHA Urgent Care at Canton
 3. IHA Urgent Care at East Brighton
 4. IHA Urgent Care at Schoolcraft
 5. IHA Urgent Care at Lake Orion

At this time, we are unable to test for other exposures, return to work, travel, or personal convenience. The following website provides up to date asymptomatic testing locations to utilize for your patients who do not meet the criteria above: https://www.michigan.gov/coronavirus/0,9753,7-406-99891_99912---.00.html

Pre-Procedural Testing: Pre-Procedural/Surgical testing is still being performed at the following locations.

- a. Ann Arbor: Washtenaw Medical Arts Building, 3075 Clark Rd, Suite 100, Open daily 8a-5p
- b. Livingston Hospital: Just past the west entrance on the main campus, open daily 8a-12p
