Good morning,

As we continue to assess the rapidly changing COVID-19 situation, we're reviewing our PCP Incentive Program (PIP) and risk adjustment deadlines and have extended some deadlines to give you more flexibility during this situation.

See our [COVID-19 Provider Information Center](#) for a list of the program deadlines and changes.

We're committed to partnering with you, and we'll continue to assess these programs and monitor local and national trends keeping you informed of any additional changes.

Thank you,
